TITLE:

Transportation Master Plan Policy

POLICY STATEMENT:

That City Council supports administration in utilizing the Transportation Master Plan for planning purposes.

THE PURPOSE OF THIS POLICY IS TO:

To provide a reference and establish guidelines for City Council and administration in the management of the City of Brook’s transportation network system.

PROCEDURE:

1. It is hereby acknowledged that the City of Brooks Transportation Master Plan prepared by Bunt and Associates shall form as the basis for reference and guidelines for management of the City’s transportation network. This document is attached and forms part of this policy as ‘Schedule A’.
2. It is hereby acknowledged that this document shall be reviewed and updated every ten (10) years or as shall be determined by Council.
3. It is hereby acknowledged that Council is not obligated to implement the recommendations provided in the transportation master plan by the consultant, but shall be used as a tool for capital planning, future land use planning and transportation planning.
