! Remember:

The City of Brooks Access Transit Service is NOT a taxi service.

Expectations

When you book an Access Transit trip, City staff will give you a scheduled thirty (30) minute window of time for pickup. Timely service and customer satisfaction is greatly affected by drivers having to wait for customers to be ready when they arrive. Please be ready at the start of your pickup period at the nearest exterior set of accessible doors or outside door, as this will improve overall service efficiency.

The vehicle will wait a **maximum of five (5) minutes** upon arrival within your scheduled pickup time period.

Please note: Drivers will only ring the door bells at single family residences **not** at apartment buildings. Drivers will **not** search buildings for customers not present at the outside door upon arrival.

Cancellations

There is a high demand for the City of Brooks Access Transit Service; therefore, please call the Access Transit promptly if you need to cancel your trip. Please ensure that you give at least two (2) hours-notice of cancellation before your scheduled trip time. Your cancellation saves drivers making an unnecessary trip and may allow another customer the opportunity to book a trip for the same time.

Call 403-362-6190 or 403-362-3333 to place a 'temporary cancel' on your recurring trips when you are not planning to use Access Transit.

Call 403-362-6190 to place a same-day cancellation.

Tip for Cancelling:

- Let the scheduler/dispatcher know your name as well as the time and date of your trip to be cancelled.
- You can cancel your trip on the phone when you are connected to the City Hall voicemail system the evening before if you no longer need the service the next day.

No-Shows

A customer is considered a no-show when:

- The vehicle arrives at the scheduled time and pickup location and no one is there within five (5) minutes;
- The customer cancels at the door; or,
- The customer cancels less than two (2) hours before the trip.

No-shows are recorded in customer files and regular no-shows may lead to a suspension of service.

Trip Adjustments

If you want to adjust your trip, call City Staff prior to noon (12 p.m.) the day before your travel date.

During your trip on Access Transit, you may ask the operator for a change of destination close to your original location and we may be able to accommodate that change. City of Brooks Access Transit Service standards must be maintained and other customers must not be negatively affected.
